CATALOGO PRODOTTI STANDARD
STANDARD PRODUCTS CATALOGUE

Toffoli S.p.A. ha creato questo catalogo prodotti standard per offrire al cliente flessibilità ed efficienza a sostegno della qualità che contraddistingue da 40 anni i propri accessori.

Per migliorare ulteriormente le nostre prestazioni, abbiamo selezionato alcuni degli articoli maggiormente richiesti, definito un nostro design e ottimizzato i sistemi di produzione e stoccaggio. Per ogni prodotto presentato nel catalogo sono indicati lead time e purchase quantity.

Per ricevere il listino prezzi degli articoli inviare una e-mail all'indirizzo commerciale@toffoli.it oppure telefonare al numero 0438/995450.

Delivery Service Reliability

Toffoli S.p.A. created this standard product catalogue to ensure flexibility and efficiency and an even better quality, which has been the distinguishing mark of the company over 40 years.

In order to improve our performances, we selected some of our best sellers, defined their design and optimized our manufacturing and storage systems. In this catalogue you can find lead time and purchase quantity of each item.

If you wish to receive the price list of the items showed, please send an e-mail to commerciale@toffoli.it or call at this number 0438/995450.

LA STORIA HISTORY

La Francesco Toffoli S.p.a. è specializzata nella lavorazione e trasformazione del filo di acciaio.

Nasce negli anni 60 e la forte convinzione e perseveranza del suo fondatore, l'ha resa negli anni una grande impresa che è diventata nel 1980 una S.p.a., che si estende attualmente su una superficie di 12.000 mq.

L'esperienza maturata in tanti anni di attività, la flessibilità di produzione e il continuo aggiornamento tecnologico consentono all'azienda di soddisfare le richieste dei partner, italiani ed esteri, fornendo prodotti esclusivi e di qualità.

Francesco Toffoli S.p.A. is a market leader company which specializes in working and transforming steel wires.

It was established in the 60s and through the passion and perseverance of his founder it grew over the years until in 1980 it became a joint-stock company. Today the factory extends itself on a surface of 12,000 m2.

Francesco Toffoli S.p.A. supplies its customers in Italy and abroad with exclusive and high quality products which are the result of 40 years of experience, flexible production systems and constant technological updating.
